

DOWN & DISTANCE CHART INSTRUCTIONS

When playing against a solitaire opponent, your opponent's play will be selected using a roll of . Your opponent's play call will be based on the Down & Distance situation. You will always decide your play call first, then roll to reveal your opponent's play call.

The highest roll result (, , or less any modifiers shown in the chart) determines your opponent's play call. Break ties using the play call in the highest position shown in the appropriate Down & Distance column (see examples below).

For faster play, roll and with , and . After determining each team's play call, use + for the Defense Effect roll (2-12).

Use this method for calling plays for your opponent's offense or defense plays (play sequences shown at left, below)
